EVENT REPORT

THE VISION

As we enter the fourth year now of an effort that started on the Misa Course by six golfers – five years ago, we have grown and are thankful to Golfers, Clubs, Patrons, our teams and well wishers who have been a part of the journey.

While we have a long way to go – it is heartening to see three tournaments happen on the same day between Assam & Meghalaya. Despite this, The BORBHAG Cup had 97 golfers play this year – showing there is ample space and interest. As platforms, it is now our responsibility to have a regional calendar and better coordination, giving golfers maximum opportunity for play.

In recent times, Golf has increasingly become a force multiplier. it has not only led to the birth of a golf economy but also provided a boost to industries such as tourism and real estate. Our vision is to build, and bring the best golfers to states of the North East as well as provide professionals from the region opportunity to compete on national and international platforms. Further, Golf can act as a unique bridge for diplomacy, tourism, and business including with the South East Asia region and Japan.

In closing, I can only reiterate the importance of PARTNERSHIPS – something that we at BORBHAG display in all that we do. If we have to promote golf – champions like Ministry of Tourism, ATDC; courses like Misa; Clubs & Professional Bodies from across the country – must come together and build an ecosystem that can take golfing to the next level in the state and larger region.

From being the first tournament series that provides caddie turned pros an opportunity to play to building diverse collaborations – we look forward to exciting times for golf ahead.

MESSAGES

2025

CHIEF GUEST

**LIEUTENANT GENERAL RANA PRATAP KALITA (RETD.), PVSM, UYSM, AVSM, SM, VSM
PATRON, THE BORBHAG CUP**

Golf Courses in Assam have tremendous potential and we must provide the platforms to nurture this talent. Patrons like BORBHAG Foundations and others must come up and provide a platform to promote these golfers and showcase their talent. There is no dearth of talent in the North East – we just need to provide the platform.

GUEST OF HONOUR

MR. KUMAR PADMAPANI BORA, IRS,
COMMISSIONER & SECRETARY, INFORMATION & PUBLIC RELATIONS (IPR) AND PRINTING & STATIONERY DEPARTMENT,
GOVERNMENT OF ASSAM & MANAGING DIRECTOR, ASSAM TOURISM DEVELOPMENT CORPORATION (ATDC).

Government of Assam is promoting golf and tea tourism, and we are committed to promoting new segments of tourism. We must link tea gardens with golf and our wildlife parks like Kaziranga bringing more tourists and benefiting the state. With the inauguration of Terminal 2, I am certain there will be more connectivity in the neighborhood including with South Asia and East Asia – which can all be connected through golf tourism. There are also more 5 star hotels coming in the state providing overall benefit and visibility to tourist spots and Golf should emerge as a driver high value tourism in Assam. I wish the BORBHAG Group all the best and in the coming days wish they will have a mega event in coming years and bring golfers from Southeast Asia to Assam.

MESSAGES

2025

SHARED IN WRITING FROM THOSE WHO COULD NOT JOIN THE TOURNAMENT IN PERSON

**MR. KUMAR SANJAY KRISHNA, IAS (RETD.),
FORMER CHIEF SECRETARY, GOVERNMENT OF ASSAM
& PATRON, THE BORBHAG CUP**

Assam has the potential to be the golfing hub for the region, and a critical segway to foster partnership and cooperation to South East Asia. I am glad organisations such as BORBHAG are contributing in this realm. We are home to some of the oldest and most historic golf courses in the country, many in our historic tea estates including Misa Polo Club.

While the world knows us for our tea and our wildlife, it is through events like this, that we showcase Assam as a premier destination for non-traditional tourism and more importantly, attracting investments from Japan, South Korea and other ASEAN countries, for integrated development. I am also happy to note that efforts such as The BORBHAG Cup will contribute to encouraging the immense local talent. With the right nurturing, opportunities and support, our young golfers can integrate with the national and international golfing grid.

It is a pleasure for Tea Board India to be associated with The BORBHAG Cup this year. Tea and Golf are a deeply intertwined heritage and there is an opportunity to leverage these "Tea-Tees" focussing on the future of Assam. Local talent, who participate in various golf tournaments in Assam and the region belong to different tea tribes of the state.

I encourage such platforms which play a role in attracting global tourists, boost local employment and economic development, positioning Assam as a niche player in India's tea-tourism sector as well as enhancing exchanges that bring recognition to the tea industry in Assam.

**MS. ARUNITA PHUKAN YADAV, IRS,
EXECUTIVE DIRECTOR, TEA BOARD INDIA**

Golf is deceptively simple and endlessly complicated; it satisfies the soul and frustrates the intellect. It is at the same time receding and maddening – and it is without a doubt the greatest game mankind has ever invented.

2025 BACKGROUND

THE GENESIS

2025

The BORBHAG Cup was instituted with the objective of encouraging the game of Golf in Northeast India – a region that possesses significant potential for golf, particularly when integrated with the economic potential including that driven by tourism and industrial development. The region has a large golf infrastructure, and it is our endeavour to bring visibility to these courses, encouraging partnerships for the game of golf and beyond. The BORBHAG Cup is also the first platform for Pro Golfers (Caddies turned Golfers) in the North Eastern Region.

Golf is one of the new events in the Olympics and with the right kind of intention and zeal budding golfers from the North East can emerge as top professional golfers of the country.

The BORBHAG Cup's inaugural Tournament was played at Misa Polo Club, Nagaon, Assam on 3rd January 2021, bringing together 88 Golfers from 7 Clubs across 4 States. Golfers represented diverse backgrounds including the General Public, Armed Forces as well as Tea Planters. The event received resounding support and recognition as an important step in encouraging the game, bringing visibility to the potential of the region.'

From here, we hosted the Second Edition in January 2023 at GTA Solmara Golf Course 4 Corps), Tezpur, bringing together 96 Golfers from 16 Clubs across 6 states including 15 Professionals. This was the first civilian tournament to be held at this course. Last year – in 2024, the Tournament, stayed true to our core principle - Partnerships. In 2024, and we joined forces with the Misa Open 2024. 120 Golfers participated including 18 Pros representing 17 Clubs across 5 States.

ABOUT US

2025

The BORBHAG Initiative Society (Regd.)

The BORBHAG Initiative Society came into being with the passionate vision of understanding that wealth that stays with us is no wealth at all. Giving back, returning and sharing with the community helps us grow and live to the mantra of inclusive growth.

Today we work in the realms of rural development, healthcare, environment & heritage conservation and legal aid, towards a mission of Empowering Communities. Our expertise lies in bringing together stakeholders for improved outcomes.

We execute projects in Research and Analysis (providing an analysis of State budgets, Parliamentary Tracker, State Assembly Sessions Tracker, Policy Analysis); Rural Development (developing a Smart Village in a remote district in Assam); Empowerment and awareness of Legal Rights (PoSH Training); Innovative Health Access for NCDs (awareness building, early detection and supporting interventions for high quality treatment protocols); Urban Rejuvenation Projects; Investing in and encouraging sporting talent in Northeast India especially in golf and volleyball. Discovery of Axom – a documentary series - saw our Founder travel 1750 kilometres to discover a new Axom (Assam), meeting entrepreneurs and change makers who are breaking barriers and silently transforming Assam.

We deeply engage in building thought leadership and advocacy that moves the needle putting issues on a larger canvas and bringing visibility. We have served as Knowledge Partner for a stakeholder discussion on Cervical Cancer Awareness and for a North East Expo that saw wide participation from all states of the region.

2025

AT BORBHAG, WE ARE COMMITTED TO BUILDING PARTNERSHIPS THAT
Bring visibility to golf courses & encourage talent from North East India.
